

Part 1. Read about Alex's day. Which habits are similar to yours? Tell your partner.

Alex wakes up at seven, but never gets up straight away. It takes a strong coffee to get going. Alex always tries to stick to the same morning routine, but often puts off exercise until later – and later never really comes. On busy days, Alex tries to cut down on coffee after lunch, which never really works. In the evening, Alex likes to wind down with music, then catches up on messages before bed. Some weeks, it feels impossible to keep up with everything.
