Part 1. Students read the statements and decide whether they agree, disagree, or partially agree and explain why.

Part 2. Students look at the list and decide whether each example feels more like a big win or a quiet win for them.

Part 3. Students read the statements, choose one that feels familiar and explain why.

Part 4. Students complete the sentences with their own ideas.

Part 5. Students discuss the questions.

Part 6. Students discuss the situations.

Part 7. Students think of one real achievement from their life and talk about it three times, each time focusing on something different.

Part 8. Students discuss the situations.

Reflection

Students complete the sentences with their own ideas.
